I have some manuals, a parts list for an NK 20 and wiring diagram for an HT 20. I was wondering if the learned people on here could help me with some of the following to get the old girl up to scratch. By the way the operating system is Fanuc 3T-F. Firstly the X axis is a little noisy but operates well. I will post a video of this when I get a ...

Hitachi-Seiki CNC lathes and horizontal milling machines from the 1980s to 2002 still are on the US market today. By 2001, over 4,000 units of the HT20 & HT 23J, as well as the VM40J, had been produced. Like many companies, they fell victim to the early 2000 recession, and in 2002 they were acquired by Mori Seiki Kosan. Though the company that made these machines are out of business, numerous ...

Hi All, I have a Hitachi Seiki TS15 that I am gradually getting up and running. I have a question about the parts conveyor. I have figured out the M code to get the parts catcher itself to pop up and down. This machine also has a parts conveyor that transports the part from the catcher to the left outside the end of the machine.
