Integrating human rights into the development process means that development agencies can be vitally important instruments in rights protection and promotion, allies overlooked in almost all existing literature on human rights. This book, then, presents the first full-length study of how these agencies evaluate the rights situation in a single country and is the first study to look at both the ...

Development and Human Rights — Joel E. Oestreich | Humanitas In 2003, the United Nations adopted a common rights-based approach to development in their efforts to promote an international standard of human rights throughout the world.

[Joel E. Oestreich, PhD | CoAS | Drexel University](#)

Oestreich emphasizes the need for a consensus on human rights to firm up. He supports the integration of "stakeholder ideas into a strategic framework" (p. 204). This is because "all those affected [by the IGOs] have a legitimate claim to have their interests weighed and their voices heard" (p. 202). Oestreich postulates a distinction between member states and their constituents. Yet, both ...

By Oestreich, Joel E. Read preview . Article excerpt. This article examines how various United Nations agencies are implementing a rights-based approach to development in India. It argues that, while most studies of RBA focus on the promotion of economic, social, and cultural rights through this approach, civil and political rights are also integral to UN efforts. This is important because it ...

In his comprehensive analysis, Joel E. Oestreich uses case studies to demonstrate how their policies have evolved during the past two decades to reflect important human rights considerations. Drawing on interviews with dozens of staffers from IGOs, Oestreich creates a gripping narrative of the inner workings of these large bureaucracies.

Joel E. Oestreich Human rights have always been near the top of the UN agenda, yet UN efforts to promote human rights have been badly?some would say fatally?flawed, divided between two conflicting priorities. Confronted after World War II both by evidence of human cruelty on a massive scale and by the knowledge that those who might have prevented it instead did nothing, the framers of the UN ...

Human rights and development structural problems have to be analyzed as a whole. Each time the subject of development arises, different highly political versions about it emerge. To this sort of politicization, two different elements have contributed. In most of the nondeveloped countries, there is a lack of tradition for political participation and of stable institutions for that purpose. The ...
