CLASSIFIED CHRISTMAS is the fourth book in B.J. Daniels "Whitehorse Montana" series and because of crossover characters as well as ongoing plot devices, I would definitely recommend reading them all in order. I actually think this story was probably the best in the series so far. I also thought Cade and Andi were two of Ms. Daniels most well-fleshed characters. I really loved them both and ...

B.J. Daniels was born in Houston, Texas, to parents who loved to travel. The first time her father saw Montana, he sold their home in Houston and moved them to the Big Sky state. Her parents also loved to eat and brought Tex Mex and Texas barbecue to Montana back in a time when you couldn't buy Dr. Pepper or tortillas in the state. That love of food definitely has ended up in her books. Her ...

[B.J. Daniels - Book Series In Order](#)

SECOND CHANCE COWBOY is Book 6 in B.J. Daniels "Whitehorse Montana" series and though I guess it could be read as a standalone, I wouldn't really suggest it. There are so many ongoing plot devices (even dating back to SECRET OF DEADMAN'S COULEE which is Book 1) that I think many readers will be left feeling like they've missed something if they ...

B. J. Daniels, a New York Times bestselling author, was born in Texas but moved with her family to Montana at the age of five. Most of her books are set in Montana, a place she loves. She lives now in a unique part of the state with her husband and three springer spaniels. When she isn't writing, she loves to play tennis, boat, camp, quilt, and snowboard. There is nothing she enjoys more than ...

[Second Chance Cowboy \(Harlequin Intrigue Series\) by B. J. ...](#)

B.J. Daniels is one of the best cowboy-mystery writers I have read. Unfortunately, this book, and the whole series, doesn't live up to that. I just don't have much positive to say about "Rough Rider". The plot was predictable, the H/h didn't make me believe in their romance, what there was of it and the resolution to the whole 25-year old kidnapping was a fizzle.

Another great mystery/suspense book by B.J. Daniels! Alexa Cross if forced to face her past that she has tried so hard to forget and deny. This book is filled with mystery and old ghosts and a new love/protector, Marshall Chisholm. Great story that kept me wanting more.
