"Stixrud and Johnson combine science and compassion to make the case that parental over-control is eroding our kids' confidence, competence and mental health. Accessible, compelling and richly researched, The Self Driven Child reveals the clear links between the stresses of competitive schooling and the anxiety and depression that are so widespread in kids today. This urgently-needed book ...

Bill Stixrud and Ned Johnson picked the perfect subtitle for The Self-Driven Child: The Science and Sense of Giving Your Kids More Control Over Their Lives. The book presents data and theory from fields such as neuroscience and psychology in support of the proposition that "you should think of yourself as a consultant to your kids rather than their boss or manager," and then follows through with loads of practical advice on what, exactly, a more hands-off approach looks like.
